MEMORANDUM FOR: A/DDP/P

**SUBJECT : Freedom Commission
Joint Committee on Cold War Strategy**

Attached is a compendium of the material on the proposals for a Freedom Commission and a Joint Committee on Cold War Strategy, as well as an analysis of these documents for the DCI's use at the OCB meeting on 6 May. There is also attached the DCI's memorandum for the record on the discussion of these at the OCB meeting. I would suggest that these be placed in the PP Staff in the area which, as we discussed, is going to keep track of all proposals in the Cold War field.
